Worrying about your job all day is tough enough. Worrying about the equipment you're gonna need to get your job done is too much. Don't. Concentrate on your job and leave your equipment needs to the experts at Ivy Hi-Lift. We rent and sell the equipment you need. We carry virtually everything a job site demands: Aerial Work Platforms, Contractor and

Industrial Equipment, Forklifts, Scaffolding, and supplies. Best of all, we take care of getting the equipment to your site when you need it. You spend your time doing more important things — like your job. If that's not enough, we'll also train you on equipment operation and safety.
