## PREDATOR DESKTOP™

### ALSO FROM PREDATOR

- DNC Network Communications
- CNC Verification & Simulation
- Manufacturing Data Collection
- Electronic Work Instructions

**YES**, there is a better desktop interface — secure, versatile and integrated. With Predator Desktop, you can **browse** production documents from any PC on your network, corporate Intranet or the Internet. **Edit** NC files, enter and monitor machine tool and job status, and **launch** third party apps. **TAKE CONTROL.** Schedule work for each resource or machining center, **generate** spreadsheets or databases, and **monitor** activity by employee, part, job, customer and more. Make paperless manufacturing a **reality** today with **PREDATOR DESKTOP.**

Geared for Manufacturing™
